## TOPICS

Topics may include, but are not limited to:

- ❖ Medical device design and prototyping
- ❖ Design for multi-scale manufacturing
- ❖ Biomaterials and processing
- ❖ Multi-scale material modeling and process simulations
- ❖ Tissue engineering and regenerative medicine
- ❖ Additive manufacturing processes
- ❖ Machining, forming, EDM and ECM, laser-based processing, casting and molding, and others
- ❖ Machines and equipment including tooling, fixturing, sensors and control systems
- ❖ Metrology, materials handling, joining and assembly

## CONFERENCE GOALS

The 1<sup>st</sup> International Conference on **Design and PROCesses for MEDical Devices (PROMED)** sponsored by **CIRP** will be held at Garda Lake, Italy. Lake Garda is the largest lake in Italy, situated at the foot of the Alps between Verona and Milan.

Join us in this stimulating meeting about manufacturing, medical devices design, development, biomaterials and more.

Researchers in engineering and medical fields are all welcome.

## CALL FOR PAPERS

Authors from universities, research centers and industry are invited to submit papers to the Conference.

Please send a 400 word abstract including the title, authors and corresponding author's affiliation.

The main features, results and conclusions of the paper should be outlined.

The Conference website will provide detailed instructions on how to prepare and submit the abstracts.

The Conference Scientific Committee will review the abstracts and will notify the corresponding authors of acceptance.

Final manuscripts should be prepared in camera-ready form using the template that will be available on the website.

Proceedings will be available at the conference and published.

Selected papers from the PROMED conference will be invited to international journals in their extended versions.
